

## Alford Academy Senior Phase course choices S4 into S5 2020-2021

Name: \_\_\_\_\_ Class: \_\_\_\_\_

- Please read carefully the important information in the Senior Phase Course Choice booklet on the school website.
- You should plan to build up a portfolio of qualifications across your one, two or three years of the Senior Phase. Whilst every effort is made to accommodate all choices some combinations may not be possible in a particular session. Due to low uptake some courses may not run.
- S5 pupils have a six column choice plus a core programme.
- All pupils should choose a minimum of 5 choices.
- The sixth choice will either be an additional course or choices from our Horizons programme.
- To ensure our youngsters thrive as individuals, we all need to develop new skills. These skills are not just to help us cope in this environment of ongoing change. They are skills to excel; to collaborate and empathise with others and to create our own futures. At Alford Academy we believe developing skills is integral to success and our Horizons programme provides the opportunity to “stand out from the crowd” and develop skills for the future. Our Horizons programme will provide a range of experience to further develop skills for learning, life and work. These will include one or more online courses, volunteering in school as a classroom buddy / library ambassador, work experience, career planning or participation in our personal learning programme.
- Pupils who choose college or a Foundation Apprenticeship will be notified by their guidance teacher on how to apply – closing date for all college applications is Friday 20th March 2020.
- Please write the courses you wish to study in **order of preference** overleaf, together with **two** reserve choices.

Advanced Higher and online courses	Art & Design Business Management Biology	Chemistry Computer Science English Geography	History Mathematics Modern Studies French	Music Physics Spanish
Higher courses	Administration and IT Art & Design Biology Business Management Chemistry	Computing Science Design and Manufacture Drama English French Geography	Graphic Communication History Mathematics Modern Studies Music Engineering Science	Music Technology Physical Education Physics RMPS Spanish
